

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	250	Power	10Kw(electric heating)
Dimension(mm)	1800x1200x2600	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	100L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
Applicable to	Brandy, Rum, Gin, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	320	Power	20Kw(electric heating)
Dimension(mm)	2300x1300x2500	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	200L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	200	Power	10Kw(electric heating)
Dimension(mm)	1300x800x2400	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	100L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
Applicable to	Brandy, Rum, Gin, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	260	Power	20Kw(electric heating)
Dimension(mm)	2000x900x2300	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	200L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
Applicable to	Brandy, Rum, Gin, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	470	Power	18KW(electric powered steam generator)/30Kw (heating element)
Dimension(mm)	2400x1200x3350	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	300L
Usage	Alcohol making	Lead time	40-55working day
Heating Method	Steam heating/Electric heating		
Applicable to	Brandy, Rum, Gin, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	310	Power	30Kw(electric heating)
Dimension(mm)	4000x1200x2650	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	50L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
Applicable to	Whiskey		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	750	Power	18KW(electric powered steam generator)/30Kw (heating element)
Dimension(mm)	3200x1250x3750	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	300L
Usage	Alcohol making	Lead time	40-55working day
Heating Method	Steam heating/Electric heating		
Applicable to	Whiskey, Brandy, Rum, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	600	Power	36Kw(electric powered steam generator)
Dimension(mm)	2700x1400x2700	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	500L
Usage	Alcohol making	Lead time	45-55working day
Heating Method	Electric heating /Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Alcohol Distiller

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	920	Power	36Kw(electric powered steam generator)
Dimension(mm)	4550x1500x4700	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	500L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	1600KG	Power	72KW(electric powered steam generator)/ 100KG /H (gas powered steam generator)
Dimension(mm)	4800x2700x4650	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	500L
Usage	Alcohol making	Lead time	45-55working day
Heating Method	Electric heating /Steam heating		
Applicable to	Brandy, Rum, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	1050	Power	72KW(electric powered steam generator/ 100KG/H (gas powered steam generator)
Dimension(mm)	3400x1700x2800	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1000L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Alcohol Distiller

INNOVATION FOR DISTILLER

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	1915	Power	90KW(electric powered steam generator/ 150KG/H (gas powered steam generator)
Dimension(mm)	4600x2300x6000	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1200L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	2050	Power	108KW(electric powered steam generator)/150KG/H (gas powered steam generator)
Dimension(mm)	4100x2100x5800	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1500L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	850	Power	90KW(electric powered steam generator)/150KG/H (gas powered steam generator)
Dimension(mm)	3500x1500x3400	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1200L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Whiskey, Brandy, Gin		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	2200	Power	108KW(electric powered steam generator)/150KG/H (gas powered steam generator)
Dimension(mm)	5000x1600x4500	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1500L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Brandy, Rum, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	3400	Power	108KW(electric powered steam generator)/150KG/H (gas powered steam generator)
Dimension(mm)	7200x5200x6300	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1600L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Electric heating /Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	4800	Power	360KW(electric powered steam generator)/400KG/H (gas powered steam generator)
Dimension(mm)	5900x4900x7100	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	3500L
Usage	Alcohol making	Lead time	50-65working day
Heating Method	Steam heating		
Applicable to	Whiskey, Brandy, Rum, Gin, Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	3200KG	Power	200KG/H(gas powered steam generator)
Dimension(mm)	6100x2500x5500	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	1000L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Vodka		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	3550	Power	500KW(electric powered steam generator)/400KG/H (gas powered steam generator)
Dimension(mm)	4700x2400x4800	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	4000L
Usage	Alcohol making	Lead time	45-60working day
Heating Method	Steam heating		
Applicable to	Whiskey, Brandy, Rum, Vodka(Multiple distillation necessary)		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	4500	Power	1000KG/H(gas powered steam generator)
Dimension(mm)	7300x3400x7300	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	6000+4500L
Usage	Alcohol making	Lead time	55-70working day
Heating Method	Steam heating		
Applicable to	Whiskey		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Essential Oil Distiller

INNOVATION FOR DISTILLER

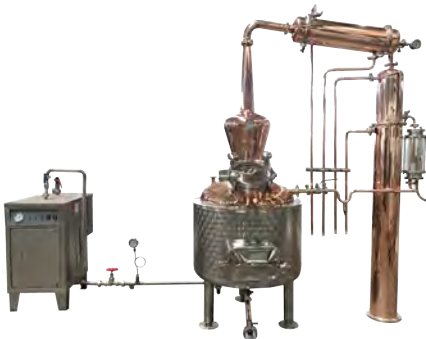

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	80	Power	5Kw(electric heating)
Dimension(mm)	800x750x1650	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	50L
Usage	Alcohol making	Lead time	35-45working day
Heating Method	Electric heating /Steam heating		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	180KG	Power	10KW(electric heating)/6KW(electric powered steam generator)
Dimension(mm)	1300x750x2100	Guarantee	12months after delivery
Material	SUS304/SUS316	Capacity	100L
Usage	Essential oil making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	250	Power	10KW(electric heating)/6KW(electric powered steam generator)
Dimension(mm)	1600x1000x2000	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	100L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	160	Power	16WK(electric heating)/12KW(electric powered steam generator)
Dimension(mm)	1300x800x2100	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	150L
Usage	Alcohol making	Lead time	40-50working day
Heating Method	Electric heating /Steam heating		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)		

Brand		Model	
Voltage	220V/240V/380V/405V	Certificate	CE ISO
Weight(kg)	360	Power	30KW(electric heating)/ 24KW(electric powered steam generator)
Dimension(mm)	2300x1300x2500	Guarantee	12months after delivery
Material	SUS304/SUS316/T2 Red copper	Capacity	300L
Usage	Alcohol making	Lead time	45-55working day
Heating Method	Electric heating /Steam heating		
After Sales Service	Lifetime after-sales (chargeable service beyond guarantee)
